

CERTIFICATE OF APPROVAL

No. NCS-009

In compliance with the rules of Nordic Certified Scantlings (NCS), Windows and Doors, this certificate applies to the products

Laminated scantlings and finger jointed massive wood

for use in door and window production in the Scandinavian countries produced by

Stora Enso Timber, Imavere Sawmill
Viljandi mnt 23, Imavere 72401, Järvemaa, Estonia
VAT: EE101239090

This certificate attest that all regulations given in the document "Certification of laminated scantlings (blanks) for use in door and window production - Technical requirements for processing and production control" are implemented, and that the products fulfils the prescribed requirements given by NCS.

The certificate allows Stora Enso Timber, Imavere Sawmill to mark their products according to NCS rules.

This certificate is only valid if the factory has an agreement with an authorised control body for the given products regarding inspection and testing. It will be valid from the date of approval and five years ahead, but can be recalled if the requirements of NCS Nordic Certified Scantlings are not fulfilled.
